Company Profile

Innovation. Integrity. Excellence.

- About Us

Who We Are ?

Mission and vision statements

Andres Collections is a technical supply and fabrication company in Kenya specializing in school furniture, science labs, lockers, lab apparatus, games equipment, and related infrastructure. We deliver high-quality, durable, and customized solutions for educational institutions, combining skilled craftsmanship with a commitment to reliability, safety, and customer satisfaction in every project.

- Company History

Our Journey

Founded with a vision to bridge the gap in quality educational infrastructure, Andres Collections began as a small fabrication workshop in Kenya, focusing on school furniture. Over the years, through consistent delivery of durable and practical solutions, we grew into a reliable partner for schools, technical institutions, and government bodies.

Our journey has been shaped by hands-on experience in timber and metal works, science lab installations, and educational supplies. Today, we are proud to serve clients across multiple counties, offering a wide range of products—from lockers and lab benches to games kits and chemicals—backed by exceptional service and strong values.

- Products & Services

What We Offer ?

At Andres Collections, we specialize in providing high-quality school furniture, science lab installations, and educational supplies. Our solutions are crafted to meet the unique needs of institutions, ensuring durability, safety, and functionality in every classroom, laboratory, and learning environment.

Our Testimonials

Head Teacher – Rural Secondary School, Kajiado County

"We were impressed by the quality and strength of the student desks delivered by Andres Collections. Their team was professional, timely, and even helped us rearrange the classroom layout for better space use."

Procurement Officer – Constituency Office

"Andres Collections handled our science lab setup with precision. From planning to installation, they remained hands-on, cooperative, and committed to quality. The results exceeded expectations."

Principal – Technical Training Institute

"What stands out with Andres Collections is their ability to customize furniture to our exact needs. Their products are not only durable but also well-finished and affordable. We'll definitely work with them again."
